

MINGO Paper Die

Steps to make the die:

- Cut out the die shape along the dark black lines.
- Make creases along all the dotted lines. Flip the cut-out die so the numbered circles are facing down.
- Label the blocks of the cut-out as shown in the diagram.
- Put glue, tape or any other material onto the folded tabs (shown in the diagram).
- Bend the blocks labeled “A” up, and apply glue, tape or any other adhesive material onto the two tabs (shown in diagram).
- Fold up the tab labeled “B” and press “B” against the covered tab.
- Apply adhesive material on the remaining tabs. Fold “C” over the top of the die, and press against the tabs.
