TIPS FOR STUDENTS

To Get Better Test Scores:

- Take Clinics that are related to the test
- Ask a fellow student or a teacher to explain
- Study with a friend
- Rewrite notes for the Notes Pool
- Make up test questions
- Use reference and resources materials
- Sign up for tutoring, if available
- Make flash cards and practice

To Take Better Notes:

- Keep a separate notebook for each subject
- Have sections for class notes, homework assignments, and notes from reading
- Begin each class with a clean page
- Put the date and subject on top of the page
- Don't worry about writing down every word
- Color code or highlight (use red for main points and yellow for areas that are unclear or confusing)
- Write on only one side of the paper (simplifies summarizing and reviewing later)

NOTES:
