

# ODD WIN

**Players** Two

**Materials** Cards ace (or 1) through 9

**Goal** Be the odd one

- How to Play**
1. Arrange number cards 1–9 FACE UP like the grid below.
  2. Players take turns taking either one or two cards.
  3. When all the cards have been removed, players add up the face value of their cards. The player whose total is an odd number wins.
