## SESSION 17

# WAIT AND REFLECT

**OBJECTIVE:** Students articulate some of their learning.

**Reflect on the project.** Help participants think back on the process.

Ask questions like:

- Was the project harder or easier than you thought it would be?
- What was harder? What was easier?
- What might you do differently next time?
- What did you learn most about?

Use assessment and reflection tools as appropriate (see Part III).

*We really had a fun time while learning math and improving our reading.*
