

MAKE IT REAL: RESPONSIBILITIES AND FEASIBILITY

OBJECTIVE: Students practice moving from ideas to implementation as a team.

Attendance committee: report average daily attendance

Review where everyone is with the idea, the budget, and the practicality or feasibility.

- Does it work with the projected budget?
- Will the group have too little or too much money? What will they do about that?
- How long will it take to put together the event? Do they have the people-power?

Make sure everyone is clear on tasks and timetables.

Allow time to collect information and work on developing proposal components.

RFP FOR REAL

STUDENTS SPEAK ON... ...GROUP DISCUSSIONS

The discussions were tiring and it was hard to get everyone to agree.

Certain individuals were given specific responsibilities. Two students researched various bowling alleys and brought information back to the group. Another person identified staff members who could help. Another set of students identified which students would bring ethnic dishes to the event. And each group made recommendations before final decisions were made.

...TEAMWORK

Each group took a section to complete and students were paired in groups of two - three to complete their parts. All parts were saved on a disk and the final group put it together.

We plan on doing this with a horrendous amount of team work and it will take some serious thinking and talking it through with everyone else.

It's hard to agree when so many people are involved. We tried to take the ideas of many.
